TABLE OF CONTENTS

Abstract..... i

List of Figures, Tables, Plates..... iii

Introduction..... 1

Background Information..... 2

- Regional Prehistory..... 2
- Previous Research and Regional Setting of 7NC-E-46... 7
- General Research Design..... 16
- Specific Research Methods..... 17

Results and Interpretations..... 22

- Stratigraphy..... 23
- Excavated Artifacts..... 33
- Features..... 33
- Flotated Artifacts and Ecofacts..... 43
- Chronology..... 44
- Technologies: Stone Tool Manufacture and Use..... 62
- Activity Areas..... 87

Conclusions..... 111

- Role in Regional Settlement Pattern..... 113
- Implications for Regional Chronology..... 120
- Future Research Directions..... 123

References Cited..... 128

Personnel..... 134

Appendices..... 136

- Appendix I: Soil Analysis Results..... 136
- Appendix II: Catalogue of Tools and Diagnostic Artifacts..... 142
- Appendix III: Catalogue of Flotation Results..... 161
- Appendix IV: Cobble Sample Data..... 166
- Appendix V: National Register Form..... 196
- Appendix VI: Research Design and Data Recovery Plan for the Prehistoric Component of the Hawthorn Site..... 205
- Appendix VII: Public Information Handout..... 211
- Appendix VIII: Hawthorn Prehistoric Glossary..... 217

LIST OF FIGURES

Figure 1: Site Location..... v
Figure 2: Phase II Test Results and Site Map..... 8
Figure 3: Site Stratigraphy from Phase II Testing..... 10
Figure 4: Regional Site Locations..... 11
Figure 5: Woodland I Settlement Model..... 15
Figure 6: Site Map..... 19
Figure 7: Profile Locations..... 24
Figure 8: Profile I..... 25
Figure 9: Episodes of Deposition..... 28
Figure 10: Profile II..... 29
Figure 11: Profile III..... 30
Figure 12: Profile IV..... 31
Figure 13: Block Diagram of Site..... 34
Figure 14: Feature Locations..... 35
Figure 15: Feature 1 - DelDOT Square 57 (183E75S)..... 37
Figure 16: Feature 1 - Square 198E70S..... 38
Figure 17: Cobble Concentration - Levels 3 and 4..... 40
Figure 18: Horizontal Distribution of Refitted Artifacts.. 60
Figure 19: Distribution of Ecofacts from Flotation..... 90
Figure 20: Distribution of Charred Nut Hulls from General Excavations..... 91
Figure 21: Distribution of Charcoal from Flotation..... 92
Figure 22: Distribution of Fire-Cracked Rock..... 93
Figure 23: Distribution of Bifaces and Flake Tools..... 94
Figure 24: Distribution of Points of Various Functions.... 95
Figure 25: Activity Area I..... 96
Figure 26: Activity Area II..... 98
Figure 27: Activity Area III..... 99
Figure 28: Distribution of Total Debitage..... 101
Figure 29: Distribution of Quartz and Quartzite Debitage.. 102
Figure 30: Distribution of Cryptocrystalline Debitage..... 103
Figure 31: Distribution of Ironstone Debitage..... 104
Figure 32: Distribution of Rhyolite Debitage..... 105
Figure 33: Distribution of Argillite Debitage..... 106
Figure 34: Distribution of Debitage with Cortex..... 107
Figure 35: Distribution of Cores..... 108
Figure 36: Distribution of Flotation Debitage..... 110
Figure 37: Activity Areas..... 112
Figure 38: Local Settlement Model..... 119
Figure 39: Point Forms and Functions..... 122
Figure 40: Tool Production, Use, and Maintenance Activities..... 123
Figure 41: Staging/Processing Site Predictive Models..... 127

LIST OF TABLES

Table 1: Summary of Regional Paleoenvironments..... 12
Table 2: Macro-band Base Camp Attributes..... 18
Table 3: Soil Horizon Descriptions..... 26
Table 4: Vertical Distribution of Projectile Point Styles..... 58
Table 5: Vertical Distribution of Refitted Artifacts..... 61
Table 6: Time Ranges of Diagnostic Artifacts..... 63
Table 7: Summary of Biface/Point Types and Raw Materials. 69
Table 8: Biface/Point Types and Raw Materials..... 69
Table 9: Debitage Raw Materials and Cortex..... 70
Table 10: Flake Tools by Raw Materials..... 71
Table 11: Raw Materials among Flakes in Flotation Samples. 71
Table 12: Summary Percentages of Raw Materials by Artifact Classes..... 72
Table 13: Rank Order Material Preferences by Artifact Classes..... 73
Table 14: Activity Area Attributes..... 111
Table 15: Local Site Categories..... 121

LIST OF PLATES

Plate 1: Site Boundaries..... vi
Plate 2: Plan View - Cobble Feature..... 41
Plate 3: Oblique View - Cobble Feature..... 42
Plate 4: Miscellaneous Points from Plow Zone..... 46
Plate 5: Stemmed Points from Plow Zone..... 48
Plate 6: Stemmed Points from Plow Zone..... 50
Plate 7: Miscellaneous Points from Excavated Levels..... 52
Plate 8: Miscellaneous Points from Excavated Levels..... 54
Plate 9: Stemmed Points from Excavated Levels..... 56
Plate 10: Early Stage Bifaces..... 65
Plate 11: Late Stage Bifaces..... 67
Plate 12: Ground Stone Axe..... 76
Plate 13: Hafted Scrapers..... 80
Plate 14: End Scrapers..... 83
Plate 15: Flake Knives..... 86
