SMYRNA

Southbound U.S. 13 to close today

Southbound U.S. 13 will close north of town beginning today to allow the continuing construction of Del. 1.

Motorists will be required to take Del. 1 into Smyrna, either exiting immediately on the north side of town, or taking the south Smyrna exit, where the 50-cent toll has been suspended.

The change will remain in effect throughout the year, as the Department of Transportation completes construction of Del. 1.
