**Subject:** DelDOT Traffic Design Manual 2015 – Revision 1

---

The Traffic Engineering Section is pleased to submit a revised version of the DelDOT Traffic Design Manual. A copy of the revised manual will be available on the DelDOT website and Design Resource Center (DRC).

This revision provides updates to the DelDOT Traffic Design Manual published in February 2015 to ensure that the technical traffic systems design practices are consistent with current best practices.

Should you have any questions or comments, please feel free to contact Max Saintil at (302) 659-4078. Thank you for your assistance in helping with this revision.
