

APPENDIX II. CATALOG OF ARTIFACTS RECOVERED

The following is a catalog of the artifacts recovered from the three bridge crossing project areas. The catalog is organized according to site of origin with provenience given according to the anomaly target number. Unless otherwise stated, all the artifacts are of 20th century vintage.

PROJECT NUMBER and SITE IDENTIFICATION

TARGET NUMBER

<u>Amount</u>	<u>Description</u>
---------------	--------------------

1. SMYRNA RIVER BRIDGE CROSSING PROJECT AREA:

SITE 7K-A-110, K-6424 (Duck Creek/Smyrna River Magnetic Anomaly Site "A"):

TARGET # 6:

- | | |
|----|---|
| 1 | Brass brooch with attachment pin, deer image. |
| 1 | Miniature toy car, "Datsun." |
| 1 | Bicycle handle bar, recent vintage. |
| 1 | Steel trap for small mammal. |
| 1 | Wire mesh crab trap fragment. |
| 7 | Lead fishing sinker weights. |
| 3 | Shotgun shell casings. |
| 1 | Steel shovel, broken. |
| 1 | Steel file. |
| 1 | Cork screw fragment. |
| 1 | Steel nail remover. |
| 1 | Hack saw fragment. |
| 1 | Slot head screwdriver. |
| 1 | Pliers fragment, one-half of pliers. |
| 1 | Battery, "D" size. |
| 1 | Pipe fitting, brass, T-shaped. |
| 1 | Plywood fragment with wire nail. |
| 1 | Piece of lumber. |
| 1 | Sheet metal fragment. |
| 3 | Aluminum railing sections and pipe section. |
| 1 | Automobile tire, steel belted. |
| 1 | Steel spring. |
| 1 | Steel valve guide. |
| 1 | Steel bolt with square nut. |
| 1 | Hexagonal nut. |
| 11 | Wire nails. |
| 3 | Steel spikes. |
| 2 | Steel wire fragments. |
| 16 | Barbed wire fragments. |
| 1 | Oil can top, aluminum. |
| 1 | Trash can lid, aluminum. |
| 2 | Glass bottle neck fragments with metal caps. |
| 2 | Bottle caps. |
| 3 | Beverage can and can fragments, aluminum. |
| 2 | Can body fragments, metal. |

TARGET # 7:

- | | |
|---|---------------------------------------|
| 2 | Steel traps for small mammals. |
| 1 | CO2 cartridge for compressed gas gun. |
| 1 | Steel pipe section. |
| 1 | Steel sign post. |
| 1 | Automobile tire, steel belted. |
| 8 | Aluminum beverage cans. |
| 3 | Metal cans and can fragment. |

.....

SITE 7K-A-111, K-6425 (Duck Creek/Smyrna River Magnetic Anomaly Site "B"):

TARGET # 8:

- 1 Brass pocket watch, "E.Ingraham Co., Bristol, Conn." (c.1890-1940).
- 1 Spoon, marked "Avon - Silver Plate."
- 1 Toy jeep, plastic.
- 3 Lead fishing sinker weights.
- 1 Shotgun shell casing fragment.
- 1 Flashlight.
- 1 Tool handle, iron.
- 1 Tool fragment, conical.
- 1 Lock plate for door, brass.
- 2 Electrical wire fragments with plastic insulation.
- 2 Sheet metal fragments.
- 2 Wood beams.
- 2 Wood fragments with wire nails and screws.
- 3 Brick fragments.
- 2 Slag fragments.
- 2 Steel fittings, small with hole through middle.
- 1 Steel spike.
- 1 Steel pin.
- 8 Iron strapping fragments.
- 1 Aluminum foil fragment.
- 2 Automobile tires, steel belted.
- 1 Gas tank float, brass and rubber.
- 16 Aluminum beverage cans and can fragments.
- 1 Glass cup.
- 1 Metal paint bucket.
- 1 Aluminum paint tube, small.
- 1 Sardine can, aluminum.
- 1 Brown glass bottle fragment.
- 2 Glass jars, clear.

2. MILL CREEK BRIDGE CROSSING PROJECT AREA:

SITE 7K-A-112, K-6426 (Mill Creek Magnetic Anomaly Site "A"):

TARGET # 8:

- 1 Wooden door fastened with wire nails.
 - 1 Pipe section, brass.
 - 2 Lead decoy weights.
 - 1 Steel trap for small mammal.
 - 2 Aluminum siding fragments.
 - 1 Pulley wheel, steel, small.
 - 1 Cooking pot fragment, iron, blue enamel.
 - 1 Claw hammer.
 - 1 Large plywood panel with wire nails.
 - 2 Automobile tires.
-

SITE 7K-A-113, K-6427 (Mill Creek Magnetic Anomaly Site "B"):

TARGET # 9:

- 1 Cooking pot top with wire handle, iron, green trim.
- 1 Steel chain link.

TARGET # 10:

- 1 Padlock, steel.
- 56 Cooking pots and pans and fragments, iron/steel, some enameled.
- 4 Bottle glass, bottles and fragments, some with caps.
- 3 Pipe sections and fragments, iron/steel, threaded ends.
- 4 Timbers and wood fragments with machine made nails and spikes.
- 1 Iron spike, rounded top, probably 19th century vintage.
- 5 Machine-made wire nails, cut nails, spikes.
- 1 Bolt, 14" long, steel, with square nut.
- 1 Box, steel, television part, marked "Zenith."
- 1 Steel barbecue grill, rectangular.
- 1 Wooden tobacco pipe bowl.
- 3 Aluminum beverage cans and can fragments.
- 25 Iron/steel fragments and metal can fragments.
- 1 Rod section, iron/steel, L-shaped.

TARGET # 11:

- 1 Wooden row boat wreck, c. 1920-1940.
 - 1 Wire chain section, steel, 20th century vintage.
- (The following artifacts were found in the vicinity of the boat wreck).
- 2 Shotgun shell casings.
 - 1 Lead fishing sinker weight.
 - 2 Cooking pot/pan fragments, iron/steel, enameled.
 - 4 Steel chain and wire chain fragments.
 - 2 Aluminum beverage cans and can fragments.
 - 1 Aluminum pie pan fragment.
 - 4 Glass bottles and bottle glass fragments.
 - 7 Plastic artifacts and fragments.
 - 1 Leather shoe fragment.
 - 3 Rubber fragments.
 - 7 Iron/steel fragments and metal can and strapping fragments.
 - 4 Wooden box fragments with nails and/or metal strapping.
 - 2 Steel barrel fragments, marked "EPA Registration..."
 - 2 Timbers with machine made nails or spikes.
 - 1 Barbed wire fragment, steel.
 - 3 Wooden broom handle fragments.
 - 1 Coal fragment.
 - 1 Brick fragment.
 - 2 Cinder and slag fragments.
-

SITE 7K-A-114, K-6428 (Mill Creek Magnetic Anomaly Site "C"):

TARGET # 12:

- 1 Wooden oar with leather chaffing guard attached, broken in two pieces.
- 1 Cooking kettle with handles, iron.
- 1 Bucket, iron/steel.
- 11 Iron/steel fragments, metal cans and can fragments.
- 1 Washing machine roller.
- 1 Aluminum food packing container.
- 9 Aluminum beverage cans and can fragments.
- 4 Automobile tires.
- 2 Wood timbers and wood fragments with wire nails.
- 1 Glass bottle top, brown, with aluminum cap.

TARGET # 13:

- 1 Carriage wheel tire (rim), iron/steel, 4' diam., tire width 1.25" (late 19th century).
- 1 Door knob, brass.
- 1 Knife handle and knife blade, in two fragments.
- 1 Lipstick container.
- 8 Cooking pots and pans and fragments, iron/steel.
- 12 Aluminum beverage cans and can fragments.
- 4 Glass bottles and bottle fragments.
- 7 Automobile tires.
- 56 Iron/steel fragments, metal cans and can fragments.
- 2 Aluminum foil fragments.
- 1 Rectangular iron brace with four holes.
- 1 Copper tubing fragment.
- 1 S-shaped steel link.
- 1 Rubber fragment.
- 1 Nail fragment, steel.
- 1 Rectangular spike, iron.
- 1 Pouring spout, tin.

TARGET # 14:

- 1 Cooking pot fragment, iron.
- 9 Iron/steel fragments, metal cans and can fragments.
- 2 Wire nails.
- 4 Timbers or wood fragments with nails or spikes.
- 2 Automobile tires.
- 3 Aluminum beverage cans and can fragments.
- 2 Aluminum container caps.
- 1 Glass bottle fragment.

TARGET # 15:

- 4 Cooking pot/pan/bucket fragments, iron/steel, some enameled.
- 31 Iron/steel fragments, metal cans, containers, strapping and fragments.
- 1 Hook, steel.
- 4 Wire fragments, steel/copper.
- 1 Timber with nails.
- 1 Wire nail.
- 4 Aluminum beverage cans, can fragments, and bottle top.

TARGET # 16:

- 1 Oarlock, steel.
- 1 Cartridge cylinder for revolver pistol.
- 6 Cooking pot/pan fragments, iron/steel, enameled.
- 1 Steel rectangular grating.
- 1 Steel automobile drive shaft.
- 1 Iron/steel bar fragment.
- 43 Iron/steel fragments, and metal can and strapping fragments.
- 27 Steel fasteners, wire nails, cut nails, spikes, bolts, nuts.
- 1 Pulley wheel, steel.
- 1 Horseshoe, iron.
- 3 Horseshoe fragments, iron.
- 2 Corner braces, steel.
- 1 Lamp fragment, copper.

- 1 Spoon, iron.
 - 2 Aluminum beverage can and container top.
 - 4 Lead fishing sinker weights.
 - 2 Slag fragments.
 - 1 Automobile hub cap.
- TARGET # 17:
- 1 Skeg Assemblage, motorized V-bottom Work Boat, c.1910.
 - 8 Fasteners, cut nails, spikes, and fragments, iron/steel.
 - 1 Copper tubing fragment.
 - 23 Iron/steel fragments, and metal can and strapping fragments.
 - 1 Steel mower blade, large.
 - 3 Automobile license plate fragments.
 - 1 Shotgun shell casing.
 - 1 Rubber inner tube fragment.
 - 1 Wooden box fragment.
- TARGET # 18:
- 2 Iron/steel cooking pot fragments.
 - 2 Aluminum can fragments.

3. LEIPSIK RIVER BRIDGE CROSSING PROJECT AREA:

SITE 7K-C-376, K-6429 (Leipscic River Magnetic Anomaly Site "A"):

TARGET # 1 and TARGET # 2:

This site was not evaluated because it was outside the designated bridge crossing project area. The cultural materials visible at the site during low tide consisted of decayed pilings for a small private dock.

.....

SITE 7K-C-377, K-6430 (Leipscic River Magnetic Anomaly Site "B"):

TARGET # 7:

- 1 Wood oar handle fragment with steel clamp-on oar lock.
 - 2 Timber beams with machine made spikes and nails.
 - 1 Steel tack.
 - 1 Steel spike.
 - 2 Lead fishing weights.
 - 1 Brass shot gun shell cartridge base.
 - 1 Steel fishing hook with nylon line.
 - 1 Steel wire fragment, 6" long.
 - 4 Iron fragment, and metal can fragments.
 - 5 Aluminum beverage cans and fragments.
-

SITE 7K-C-378, K-6431 (Leipscic River Magnetic Anomaly Site "C"):

SURFACE FIND:

- 1 Danforth type steel anchor, 70 pounds in weight.

TARGET # 9:

- 1 Large steel bolt with thick cotter-type pin attached at end.
- 1 Steel padlock marked "REESE Made in USA."
- 3 Timber fragments with wire and cut nails.

TARGET # 10:

- 1 Iron gaff hook.
- 1 Iron ring.
- 1 Brass ring.
- 1 Steel hook, shaped like a "U".
- 1 Steel hook shaped like an "S".
- 1 Steel square nut.
- 5 Iron cut nail and fragments.
- 4 Wood fragments with wire nails.
- 1 Wood large beam with bolted iron handles at each end.
- 10 Bottle glass fragments, machine made bottle.
- 3 Lead fishing weights.
- 1 Shotgun shell casing.
- 1 Aluminum can fragment.

TARGET # 11:

- 1 Aluminum boat hook fragment.
- 1 Iron ring, 1" in diameter.
- 2 Wood fragments with wire nails.

TARGET # 12:

- 1 Crab trap made of wire mesh (not recovered).
