

TABLE OF CONTENTS

Volume I The Cabbage Mill Site: An Archeological Journey

Chapter	1	Introduction
Chapter	2	Gathering the Clues: Research Methods
Chapter	3	Draper, Davis, Miles, & Cabbage: The History of the Cabbage Mill Property, 1700-Present
Chapter	4	Archeology Methods
Chapter	5	Discovery and Recovery: Archeological Investigations
Chapter	6	Public Outreach
Chapter	7	Glossary (for Volume I)

Volume II The Cabbage Mill Site (7S-C-61) Technical Report

PREFACE	iv
ACKNOWLEDGEMENTS	iii
List of Tables	ix
List of Figures	x
List of Photographs	x
CHAPTER 8 RESEARCH GOALS AND CONTEXT	1
Introduction	1
Research Goals	2
Context	3
Mills in the Region – A Comparative Sample.....		9
Archeological Mill Studies in Delaware	13
Summary	18
Mill Dams/Bridges as a Property Type	19
CHAPTER 9 ARCHEOLOGICAL INVESTIGATIONS	21
Introduction	21
Overview	25
Details of Excavations.....		26
Summary of Archeological Features	60
Waterpower Systems.....		69
Dendrochronology Analysis.....		104
Chapter 10 SITE INTERPRETATIONS	108
Introduction	108
Site Chronology	108
Mill Location	118
Evolution of the Technology and Manufacturing Process	123

Economics of Cabbage Mill.....	130
The Gristmill as a Property Type	132
Chapter 11 SITE SUMMARY	134
Overview	134
Methods	134
Results	135
Analyses	135
Recommendations for Future Research.....	137
Conclusion	139
References	140

Appendices

- A Final Report: The years of construction of various courses of the Cabbage Mill, as derived by key-year dendrochronology
- B Timber Detail – Mill Construction, Renovations, and Additions
- C Artifact Catalog
- D Physiography and Geomorphology
- E Informant Interviews
- F Documentary Research
- G Correspondence

List of Tables

Table 9.1 Feature Numbers Assigned during Excavations.....	22
Table 9.2 Descriptive Characteristics of Excavated Construction Features	22
Table 9.3 Description of Excavations.....	25
Table 9.4 Cross Tabulation of Excavation Type by Artifact Group.....	26
Table 9.5 Cross Tabulation of Artifact Group by Judgmental STP.....	30
Table 9.6 Cross Tabulation of STPs by Artifact Group.....	33
Table 9.7 Descriptive Characteristics of Test Units and Artifacts.....	36
Table 9.8 Cross Tabulation of Test Units by Artifact Group	38
Table 9.9 Pattern Analysis of Artifacts from TUs 1 and 6, Mill Foundation Interior	46
Table 9.10 Pattern Analysis of Artifacts from TUs 3, 4, and 5, Area of Mill Addition	55
Table 9.11 Machine Trenches, Results of Excavations	56
Table 9.12 Cross Tabulation of Artifact Groups and Trenches	56
Table 9.13 Cross-Tabulation of Collection Unit by Artifact Group.....	60
Table 10.1 Construction Details at Cabbage Mill Site	124

List of Figures

Figure 8.1	Early Vertical Waterwheel Types (after Sloane 1954:44).....	7
Figure 8.2	How a Gristmill Works.....	10
Figure 8.3	Mill Locations on Pike Creek: 1796-1891.....	15
Figure 8.4	East Creek Sawmill Illustration, 1782-circa 1913 (after Morin et al. 1988)	16
Figure 9.1	Map of Excavations and Major Features at Cabbage Mill	23
Figure 9.2	Detail of Interior Brick Mill Foundation	27
Figure 9.3	Detail of Exterior Addition Excavations at Cabbage Mill Site	28
Figure 9.4	Detailed Planview, Northwest Portion of Mill Foundation and Adjacent Log Wall....	29
Figure 9.5	Representative Soil Profiles of Judgmental STPs.....	32
Figure 9.6	Representative Shovel Test Profiles, Systematic STPs, Transects 1-3.....	35
Figure 9.7	Representative Shovel Test Profiles, Systematic STPs, and Transects 4-7	37
Figure 9.8	Planview and Profile, Test Unit 1	40
Figure 9.9	Planview and Profile, Test Unit 6.....	44
Figure 9.10	West Profile, Test Unit 2	48
Figure 9.11	South and East Wall Profiles, Test Unit 3	50
Figure 9.12	South Wall Profile, Test Unit 5, Sandstone Footer and Brick Pier.....	53
Figure 9.13	Cabbage Mill West Wall showing Cribbing used to Buttress Foundation.....	63
Figure 9.14	North Wing Wall Profile, Waterpower System.....	71
Figure 9.15	South Wall Profile	76
Figure 9.16	South Wall Profile of Upper Penstock Courses, Waterpower System	78
Figure 9.17	Planview, Penstock No. 1, Upper Course, Waterpower System	80
Figure 9.18	Idealized Reconstruction of Upper Course of Penstock No. 1, showing the Concrete Culvert and Turbine, ca 1900-1936.....	82
Figure 9.19	Profile of Cribbing, East Side of Beam 15, Waterpower System.....	85
Figure 9.20	Planview Penstock No. 2 (left) and Turbine/Wheel Pit Area (right), Waterpower System	86
Figure 9.21	Conjectural Reconstruction, Penstock No. 2 and Associated Turbine Compartment (ca. 1866-1900).....	92
Figure 9.22	Planview, Penstock No. 3 and Wheel Pit.....	94
Figure 9.23	Planview, Penstock No. 3 (Plank Flooring Removed), Waterpower System.....	95
Figure 9.24	Conjectural Reconstruction, Penstock No. 3 and Wheel Pit (ca. 1780-1824)	98
Figure 9.25	Turbine Platform, North Wall Profile.....	101
Figure 10.1	Timeline, Cabbage Mill 7S-C-61	110
Figure 10.2	Map of Major Structural Elements	113
Figure 10.3	Proposed Division of the Land of William Draper.....	114

List of Photographs

Photograph	8.1	Nor'easter during excavation demonstrates historical mill ponding and flooding aftermath experienced by Delaware millers. (View of penstock and brick foundation.).....	6
Photograph	8.2	Abbott's Mill, Sussex County, Delaware.....	12
Photograph	8.3	Noxontown Mill, New Castle County, Delaware, ca. 1740.....	12
Photograph	9.1	Excavation of Waterpower System, Cabbage Mill Site. Looking North. Note location of trackhoe on Road 214 above site, and cofferdam to west (left).	21
Photograph	9.2	J1 along Northern Edge of Cabbage Mill Brick Foundation.	30
Photograph	9.3	Planview, Sandstone Footer T2/1 (scale rests on brick Pier 2).....	33
Photograph	9.4	A Brick Foundation in TU1, showing Gap for Doorway.	38
Photograph	9.5	Brick Floor, TU1, Stratum D-1. Note brick footer along the left side of the excavations.....	39
Photograph	9.6	Bottom of TU1, showing Wood Sill Milled by Circular Saw. Looking East.	39
Photograph	9.7	Possible Flooring Plank, TU1, Stratum E.	42
Photograph	9.8	GAI Archeologists Expose Brick Feature, Test Unit 3. Looking South.	47
Photograph	9.9	Brick Feature Observed in TU3, Stratum E-1. Looking South. Note Pier 4 in upper left corner of unit, and Pier 3 on the upper right side of the unit.	52
Photograph	9.10	Profile of TU5 Showing the Underpinning of the Brick Pier and Cut-sandstone Footer. Looking Southeast.	54
Photograph	9.11	Excavation of MT3, revealing Cabbage Mill's Western Foundation Wall. Looking West, toward Cofferdam.	56
Photograph	9.12	Western Foundation Wall to Cabbage Mill, as Exposed in MT3. Looking Southwest. Note interior concrete floor.	57
Photograph	9.13	East Profile of Machine Trench 6, Showing the Exposed Western Brick Foundation and Log Foundation in Foreground.	58
Photograph	9.14	Exposed Portion of the Northwest Corner of the Brick Mill Foundation, Trenches 5 and 6. Looking West. Note log foundation, center and right.	58
Photograph	9.15	View of Collection Units (defined by strings) Overlaying the Remains of Cabbage Mill's Waterpower System. Looking East.....	59
Photograph	9.16	North and West Foundation Walls, Feature 1, MT 6, showing Locations of Wooden Sill, Piers, and Brick Nogging. Looking Southeast. Note Log Foundation in Foreground.....	62
Photograph	9.17	Circa 1950s Photograph of Cabbage Mill, Showing the East Mill Addition (left), Cabbage Mill Site. Looking Southeast.	66
Photograph	9.18	Ponding Water from Three Storms Flooded all but the Uppermost Timbers of Penstock.....	67
Photograph	9.19	Possible Corner-timbered Log Foundation, MT5 and MT6. Looking South. (Northwest corner at bottom right; Feature 1, upper left.).....	68
Photograph	9.20	View North of Cabbage Mill Pond, Road 214, and Cedar Creek. Archeological Excavations in Background, near Cranes.	69

Cubbage Mill Technical Report

Photograph 9.21 Northern Wing Wall (foreground) and Penstock No. 2 (center), Cubbage Mill Site. Looking Southeast. Note vertical planking lining the center between the wing walls (right center). 70

Photograph 9.22 Profile View, Waterpower System (following removal of culvert section). Looking North toward Main Mill Structure. Note multiple courses of beams representing overlapping penstocks. 72

Photograph 9.23 Base of Culvert showing Circular Area Likely Housing Turbine, Cubbage Mill Site. 72

Photograph 9.24 Upper Course of Beams in Penstock No. 1 that Supported the Concrete Culvert, Looking Southwest. Note concrete turbine pad (lower left) and west brick mill foundation wall (center right). 73

Photograph 9.25 Planview of Penstock No. 2, Cubbage Mill Site. Looking West toward Cubbage Pond / Cofferdam. 88

Photograph 9.26 View of Cross Beams and Braces, Penstock No. 2. Looking West, toward Mill Dam. 88

Photograph 9.27 Beams 108 and 32, Penstock No. 2, showing Mortise-and-Tenon Joints. Looking West. 89

Photograph 9.28 Beams 20, 21, 32, 33, 34, 108 and 110 from Penstock No. 2 being Removed from the Excavation Area by a Trackhoe. 89

Photograph 9.29 Planview, Penstock No. 3 (planking removed), Cubbage Mill Site. Looking West. 96

Photograph 9.30 View of Cubbage Mill Turbine, Circa 1951. Looking North from Tailrace through “Penstock Door.” 96

Photograph 9.31 Concrete (turbine) Pad in Eastern Portion of Mill Race. Looking West. Note vertical planking to the right. 100

Photograph 9.32 Turbine Area, after Removal of Concrete Pad. Looking North. Section of south brick foundation and concrete wall (top of Photograph) 102

Photograph 9.33 View of Wheel Pit, Cubbage Mill Site. Looking East toward Tailrace. Note remnant planking comprising floor of wheelpit (top) 103

Photograph 9.34 Detail of Plank Flooring in Waterwheel Pit 104

Photograph 9.35 Collecting Wood Samples for Dendrochronology Analyses 105

Photograph 9.36 Excavating Beam 123 (left center) and Beam 128 (right center), Fifth Course, Waterwheel Pit. Looking East, toward Tailrace. 106

Photograph 10.1 Oakland Roller Mills of Samuel Cubbage. Looking Southeast. Photograph ca. 1910-1915. 117

Photograph 10.2 Vertical cribbing placed to protect the south end of the west foundation wall from water. 121

Photograph 10.3 Vertical Cribbing around the Penstock and Wheelpit. 122
