

ACKNOWLEDGEMENTS

Appreciation for their support, administration, research, and services is extended to all of the following individuals:

Christopher Baer of the Eleutherian Mills-Hagely Foundation, Wilmington, Delaware provided useful and interesting material on the New Castle and Frenchtown Railroad, especially the unpublished history of the Pennsylvania Railroad by Elfren Watkins (1896).

Bernard Dworski and David Racca of the New Castle County Division of Water Resources supplied geographic and map data on which the predictive modeling was based. They also printed maps for us.

Dr. Victor Klemas allowed access to the College of Marine Studies, Center for Remote Sensing computer facilities for development and application of the predictive models included in the report.

The History section of this report has benefited from discussions and input from Wade Catts, Dave Grettler, Lu Ann DeCunzo. Internal review by Wade Catts, Barbara Hsiao, and Jo Ann Jamison improved this report considerably.
