This program was developed to fit the needs of the roadway construction industry, while meeting the requirements necessary for an OSHA-accredited 10-hour construction safety program. It was developed by the American Road & Transportation Builders Association (ARTBA), working with the nation's premier safety organization, the National Safety Council.

The following topics will be covered:

- Introduction to OSHA
- Roadway Work Zones
- Collisions
- Night Work
- Mechanized Equipment
- Fall Prevention and Protection
- Personal Protective Equipment and High Visibility Apparel
- Electrical Safety
- Excavations & Trenching
- Confined Spaces
- Occupational Health and Environmental Controls

Attendees will receive wallet cards from the OSHA Training Institute certifying that they have attended this course. (Each attendee must be present both evenings to be certified.)
