

# Bike Month 2009

# Bike to Work Day MAY 15th

Biking is an environmentally friendly alternative mode of transportation, one that is healthy and satisfying. This May, TMA Delaware, Ride Share Delaware, and the Delaware Department of Transportation want to assist you with your biking commute or biking employees.

If your worksite is interested in marketing *Bike to Work Day* to your employees, let us know, we can supply you with complimentary T-Shirts for your cycling commuters (limited number available), bike maps, safety information and more.

Contact TMA Delaware or Ride Share Delaware to register.
