

## **Bicycle Safety Script**

Hi. This is Governor Jack Markell with a message about bicycle safety. Delaware has some of the most beautiful roads in the country for biking *and* driving, but every year, too many cyclists are injured or killed. If you're a cyclist, like me, always remember to ride in the same direction as traffic and wear your helmet and reflective gear. And motorists, be prepared to share the road. Delaware has just enacted a "vulnerable users" law that increases penalties for drivers who injure a cyclist. So let's drive safe, bike safe, and arrive alive.
