

Joint Sussex County Evacuation Meeting

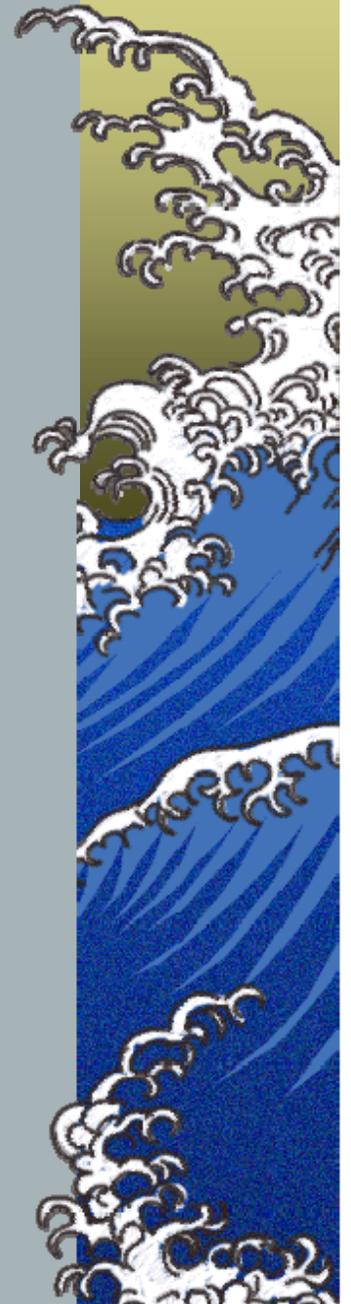

January 18, 2006

Agenda

- ▶ History
- ▶ DelTrac
- ▶ DEOP
- ▶ TIEMP
- ▶ Sussex County Hurricane Evacuation Annex
- ▶ TMT Program Overview
 - ▶ Detours
 - ▶ Evacuations

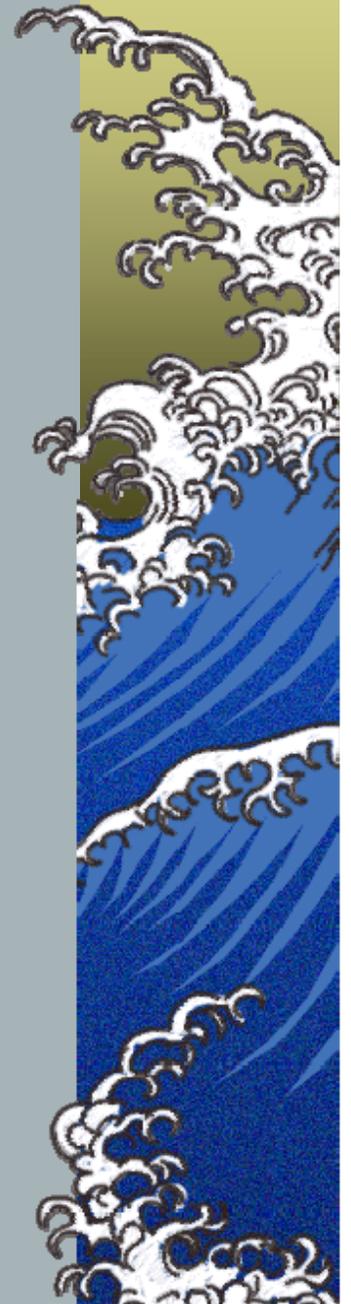

History

- ▶ The 1997 Integrated Transportation Management Plan defined the need for a:
 - ▶ Statewide transportation management program
 - ▶ Statewide Transportation Management Center (TMC)

History

DelTrac Transportation Management Program

- ▶ Improve safety of transportation system
- ▶ Reduce congestion and delay
- ▶ Reduce operating costs by improving the efficiency of planning, operations, maintenance
- ▶ Improve system performance

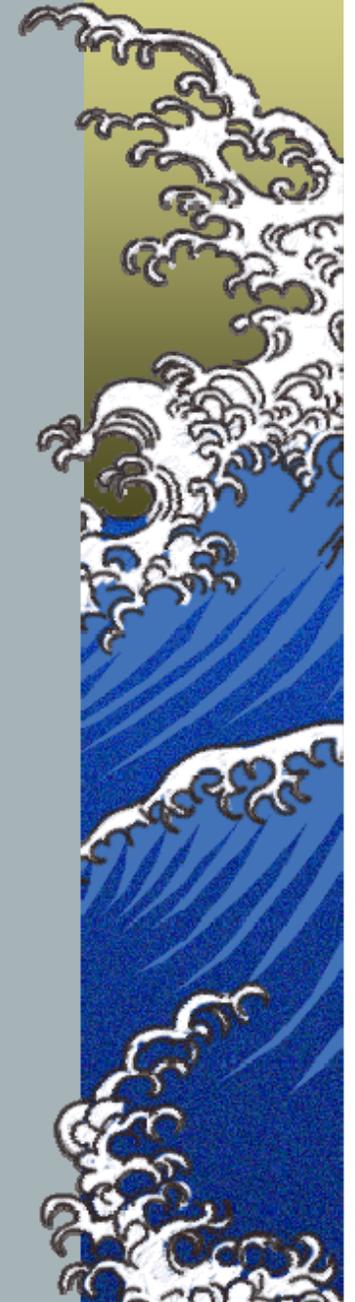

DelTrac

The TMC is the heart of DelTrac

DelTrac

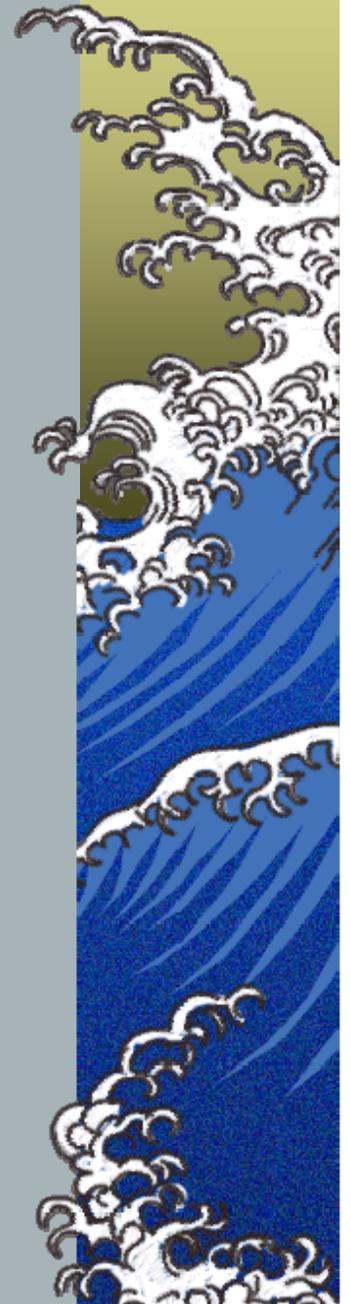

Delaware Emergency Operations Plan (DEOP)

- ▶ Includes Basic Plan, 17 Emergency Functions (ESF), & Hazard Specific Annexes
- ▶ Provides Mission, Assignments, and Tasking

DEOP

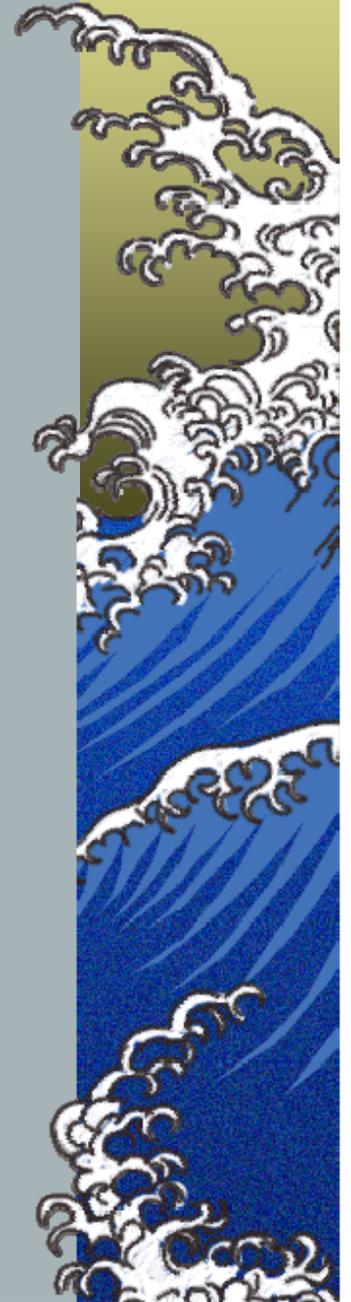

Delaware Emergency Operations Plan (DEOP)

DelDOT's Role

- ▶ Primary agency for 2 ESF – transportation and public works/engineering
- ▶ Support agency for 15 ESF – communication, mass care, food, fire, fighting, search & rescue, resource support, information & planning, animal care, etc.

DEOP

Transportation Incident and Event Management Plan (TIEMP)

- Define the communication, response, resource, and responsibility procedures and guidelines of the TMT for response to any event or incident that impacts the transportation system

TIEMP

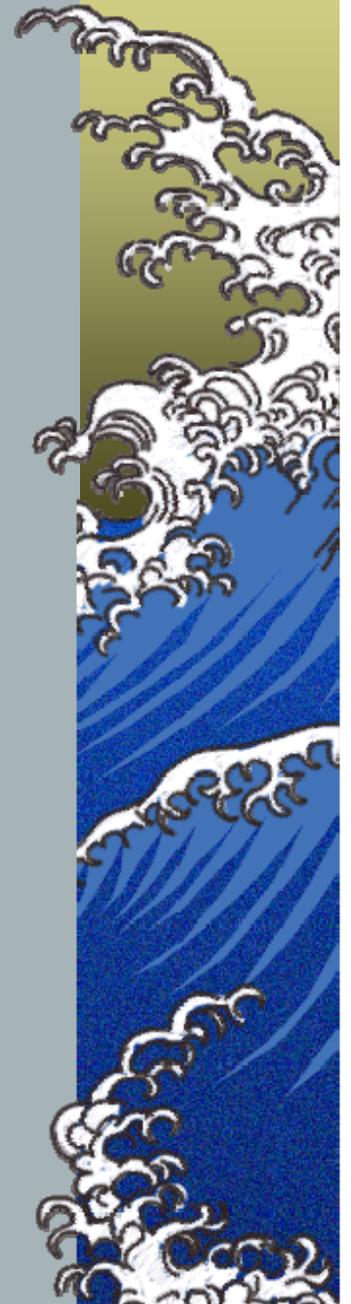

Transportation Incident and Event Management Plan (TIEMP)

- ▶ Establish the TMT concept to maximize the safe movement of persons and vehicles
- ▶ Establish TMT responsibility for the prompt, safe, and orderly re-entry of evacuees into the evacuated area once the incident or event no longer exists

TIEMP

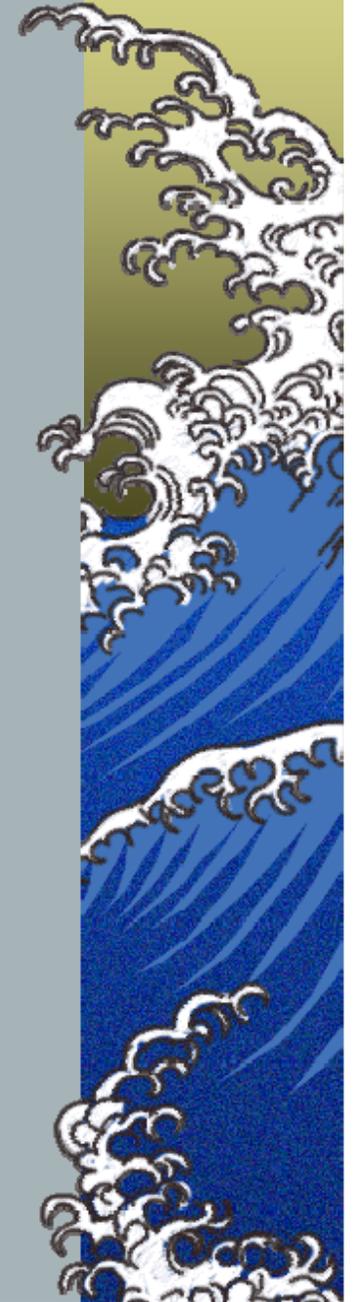

Sussex County Hurricane Evacuation Annex

- ▶ Demonstrate how Sussex County TMT will work together to manage the transportation system during an incident or event that threatens to cause tidal inundation in order to protect life and property

Hurricane Annex

Sussex County Hurricane Evacuation Annex

- ▲ The Sussex County TMT has the responsibility of establishing communication, response, resource, and responsibility procedures and guidelines for Sussex County and will make joint decisions on responding to the incident or event

Hurricane Annex

Transportation Management Teams

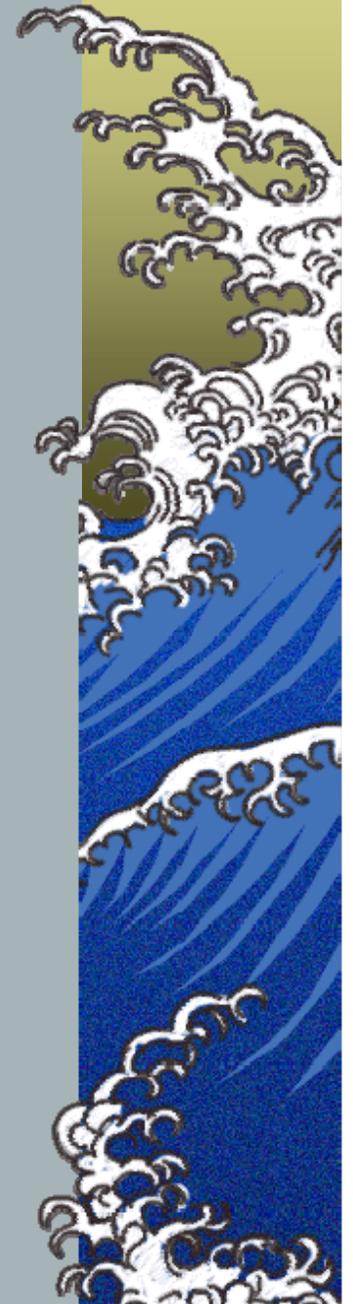

- ▶ Jointly make decisions on how an incident or an event that impacts the transportation system will be handled
- ▶ Meet monthly
- ▶ Six TMTs
- ▶ Communications Working Group

Statewide TMT Kick-off Meeting 2004

TMT Program Overview

Transportation Management Teams

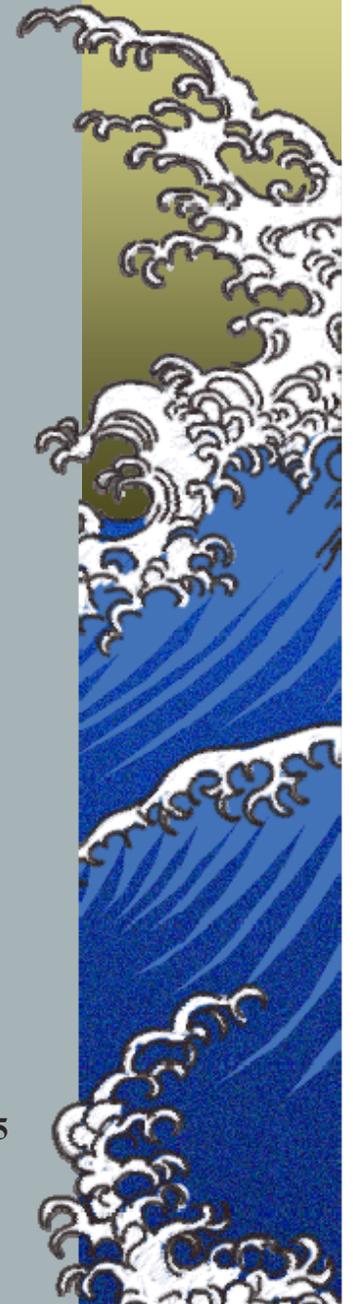

- ▶ Work within the National Incident Management System (NIMS) framework
- ▶ Define roles/responsibilities
- ▶ Establish planning and training exercises
- ▶ Establish policies and procedures
- ▶ Identify resources

Communications Working Group Meeting 2005

TMT Program Overview

TMT Participants
