JENNIFER BROWN LEYNES

Senior Architectural Historian

Ms. Leynes has 13 years of experience as an architectural historian working with a broad range of resource types in the Mid-Atlantic and Southeastern United States. Her experience includes historical research and writing and architectural surveys for both planning and regulatory projects. She is experienced in the application of the National Register Criteria of Eligibility and has prepared of National Register of Historic Places nominations for districts and individually eligible resources. Ms. Leynes has also prepared Historic American Building Survey (HABS) and Historic American Engineering Record (HAER) recordation for a number of historic bridges and buildings. She has extensive experience working on transportation projects, identifying resources and assessing project effects in accordance with Section 106, Section 4(f), NEPA, and applicable state laws. She meets the Professional Qualification Standards set forth by the National Park Service 36 CFR Part 61.
