# 1966 ANNUAL REPORT

## Delaware State Highway Department

THE HONORABLE CHARLES L. TERRY, JR.  
GOVERNOR

HENRY T. PRICE, CHAIRMAN  
LEMUEL H. HICKMAN, VICE CHAIRMAN  
THURMAN ADAMS, JR.  
WILLIAM G. DORSEY  
WILLIAM J. FRANCIS  
C. WARDON GASS  
FRANK H. MACKIE, JR.  
WILLIAM R. MURRAY  
GEORGE M. NELSON  
ELMER PRATT  
WALTER L. WHEATLEY

TO: **Mr. Henry T. Price**  
*Chairman, State Highway Department*  
FROM: **Mr. Ernest A. Davidson**  
*Director of Operations*

We herewith submit the Delaware State Highway Department Annual Report for fiscal 1966. There is also included a report by the Department entitled "Delaware Highway Needs to 1985." In this way, it is possible to use the experience of the immediate past to demonstrate the increasing present and future highway needs of our State.

We are pleased to report the Department's progress and to express our appreciation to Department members and employees whose splendid cooperation is responsible for our achievements.

ERNEST A. DAVIDSON

TO: **His Excellency Charles L. Terry**  
*Governor of Delaware*  
FROM: **Henry T. Price**  
*Chairman, State Highway Department*

As we approach the end of our first half century, we take pride in our technological achievements, but we also recognize a major shift of thinking in our transportation planning. Highway development cannot be limited to the problem of providing for the efficient movement of people and goods but must also take into account a wide spectrum of social, economic and esthetic factors.

Planning today is as much people-oriented as vehicle-oriented. The significance placed on social responsibility requires the interaction and cooperation not only of the State's administrative and legislative powers but of all its citizens as well.

Delaware's highway system, I feel certain, will continue to be a basic force in shaping the State's future development.

HENRY T. PRICE
