

APPENDIX B

RESUME

Eric F. Griffitts

ERIC F. GRIFFITTS
Architectural Historian

EDUCATION

- M.A., History, with a Specialization in Historic Preservation, Oklahoma State University, 1995
- B.A., History, The College of New Jersey, 1993

PROFESSIONAL EXPERIENCE

Conducts architectural surveys and historical research for cultural resource surveys, National Register determinations of eligibility, and historic context studies. Since joining Berger in 1997, Mr. Griffiths's major projects include:

- **Dawson House Site, Dover, Delaware.** Historical research in support of an archaeological investigation of an eighteenth-century farmstead. For the Delaware Department of Transportation.
- **Creighton Road Site, Hanover County, Virginia.** Phase I cultural resource survey. Performed the architectural survey and evaluation of existing resources and historical research. For Hanover County, Virginia.
- **Denneys and Mckees Roads, Dover, Delaware.** Architectural survey and National Register evaluation of resources. For the Delaware Department of Transportation.
- **Lee House Site, Stafford County, Virginia.** Historical research in support of an archaeological investigation of a nineteenth-century farmstead. For the Virginia Department of Transportation.
- **Gilmer County, West Virginia.** Cultural resource survey of a proposed federal penitentiary. Conducted the architectural survey and evaluation of existing resources and historical research. For the Federal Bureau of Prisons.
- **Lorton, Fairfax County, Virginia.** Phase I cultural resource survey of the Women's Division of the Occoquan Workhouse complex. Conducted the architectural survey and evaluation of existing resources and historic research. For the County of Fairfax.
- **Route 460, Buchanan County, Virginia.** Phase I cultural resource survey. Performed the architectural survey and evaluation, along with the historical research. For the Virginia Department of Transportation.
- **Route 3, Culpeper County, Virginia.** Phase I cultural resource survey. Conducted historic research in support of archaeological investigations. For the Virginia Department of Transportation.
- **Route 82, New Castle County, Delaware.** Architectural survey. Conducted an architectural survey and evaluation of existing historic resources and historical research. For the Delaware Department of Transportation.

- **Route 130, Rockbridge County, Virginia.** Phase I cultural resource survey for a bridge replacement. Performed historical research in support of archaeological investigations of a nineteenth-century canal. For the Virginia Department of Transportation.
- **Preston County, West Virginia.** Cultural resource survey of three tracts for a proposed federal penitentiary. Conducted the architectural survey and evaluation of existing resources and performed general contextual and site-specific historic research. For the U.S. Department of Justice, Federal Bureau of Prisons.
- **College and Walker Roads, Dover, Delaware.** Architectural survey of a small neighborhood in northwest Dover. Conducted the survey and evaluation of resources, as well as general contextual and property-specific historical research. For the Delaware Department of Transportation.
- **Kirkwood Highway, Elsmere, Delaware.** Architectural survey of a portion of Kirkwood Highway from State Route 141 to State Route 100. Conducted a survey and National Register evaluation of resources located in a portion of Elsmere, an early twentieth-century suburb of Wilmington. For the Delaware Department of Transportation.
- **U.S. Route 206 Bypass, Sections 14A and 15A, Somerset County, New Jersey.** Historic architectural and Phase I archaeological survey. Conducted the architectural survey and National Register evaluation of extant resources. For the New Jersey Department of Transportation.
- **Route 3, Culpeper County, Virginia.** Phase II archaeological investigations of three sites. Conducted historical research in support of archaeological investigations at two historic sites. For the Virginia Department of Transportation.
- **U.S. Routes 58 and 16, Washington, Grayson, and Smyth Counties, Virginia.** Phase I cultural resource survey. Assisted in the architectural survey of an approximately 60-mile section of Routes 58 and 16 in southwest Virginia. Responsible for the survey and evaluation of existing historic resources and property-specific historical research. For the Virginia Department of Transportation.
- **Route 94, Washington County, Virginia.** Phase I cultural resource survey. Conducted the architectural survey and National Register evaluation of existing resources and performed general contextual and site-specific historical research. For the Virginia Department of Transportation.
- **North Street, Dover Delaware.** Architectural survey of a portion of North Street in Dover from West Street to Mifflin Road. Conducted the survey and evaluation of resources and performed site-specific and general contextual research. For the Delaware Department of Transportation.
- **S. State Street (Alt. Route 113A), Dover, Delaware.** Architectural survey of a portion of S. State Street from Webbs Lane to State Route 10. Conducted the survey and evaluation of resources, as well as general contextual and property-specific research. For the Delaware Department of Transportation.
- **Bridges 526 and 527, Sussex County, Delaware.** Architectural survey in conjunction with the replacement of two bridges. Performed the survey and National Register evaluation of a mill site

associated with the bridge project, and conducted general contextual and site-specific research. For the Delaware Department of Transportation.

- **Intersection of Routes 26 and 17, Sussex County, Delaware.** Architectural survey. Conducted the survey and National Register evaluation of resources, as well as general contextual and site-specific resources. For the Delaware Department of Transportation.
- **Bliss - Fike Farm, Preston County, West Virginia.** Phase I cultural resource survey for a proposed federal penitentiary. Conducted the architectural survey and National Register evaluation of existing resources and conducted site-specific historical research. For the U.S. Department of Justice, Federal Bureau of Prisons.
- **Hampton Roads Crossing Study.** Phase I cultural resource study for a proposed second crossing of Hampton Roads. Assisted in the architectural survey for the study. Responsible for the documentation and National Register evaluation of architectural resources, as well as site-specific background research. For the Virginia Department of Transportation.
- **Route 60, Kanawha County, West Virginia.** Cultural resource study for a proposed highway widening. Conducted an architectural survey and National Register evaluation of resources. For the West Virginia Department of Transportation.
- **Intersection of Routes 28 and 29, Fairfax County, Virginia.** Phase II archaeological investigation. Performed site-specific historical research in support of archaeological investigations of one historic site. Research involved an investigation of deed records and historical maps. For the Virginia Department of Transportation.
- **James River Interceptor, Lynchburg Virginia.** Phase IA cultural resource survey of proposed sewer upgrade alternatives. Responsibilities included architectural field survey and historical research. For the City of Lynchburg.
- **Route 47, Glassboro, New Jersey.** Cultural resource survey. Assisted with the architectural survey. Assisted in the documentation and National Register evaluation of resources, and performed site-specific research for documented properties. For the New Jersey Department of Transportation.
- **First and Second Street Bridge Replacements, Newark, New Jersey.** Cultural resource survey for project involving the replacement of a historic bridge. Conducted the architectural survey. Responsible for the documentation and National Register evaluation of resources within the project's area of potential effect. For the New Jersey Department of Transportation.
- **West End Avenue Bridge Replacement, Plainfield, New Jersey.** Cultural resource survey for project involving the replacement of a historic bridge. Conducted the architectural survey. Responsible for documentation and National Register evaluation of resources within the project's area of potential effect. For the New Jersey Department of Transportation.
- **Bloomfield Avenue Bridge Replacement, Verona, New Jersey.** Cultural resource survey for the project involving the replacement of a historic bridge. Conducted the architectural survey as

well as the documentation and National Register evaluation of resources within the project's area of potential effect. For the New Jersey Department of Transportation.

- **Club 37 Bar and Grill, Massena, New York.** Cultural resource survey of one property. Conducted a Section 106 investigation involving the documentation and National Register evaluation of a nineteenth-century farmstead converted into a restaurant/bar. For the Immigration and Naturalization Service.
- **Route 60, James City County and City of Newport News, Virginia.** Architectural evaluation survey for project involving new highway alignment and the widening of a portion of current Route 60. Responsible for the documentation and National Register evaluation of resources within the project's area of potential effect. For the Virginia Department of Transportation.
- **I-79 Rivesville Connector, Marion County, West Virginia.** Cultural resource survey. Conducted an architectural reconnaissance survey and an evaluation survey for a planned interstate connector project. Responsible for the documentation and National Register evaluation of architectural resources within the project's area of potential effect and historical research in support of Phase I and II archaeological surveys. For the West Virginia Department of Highways.

PAST PROFESSIONAL EXPERIENCE

- **Historic Sites Surveyor, P.A.C. Spero and Company, Inc.** Conducted architectural surveys on transportation-related projects in Pennsylvania and Maryland.
- **Member, Town of Newton Historic Preservation Advisory Commission.** Participated as a member of a local government organization that reviewed design guidelines for a National Register-listed central business district.
- **Graduate Assistant, Oklahoma State University History Department.** Conducted an intensive level architectural survey of a residential and commercial district in Lawton, Oklahoma.
- **Summer Intern, New Jersey State Historic Preservation Office.** Prepared a thematic context document about municipal properties in the state in support of future preservation planning.
