

APPENDIX D
PROJECT PERSONNEL

PROJECT PERSONNEL

Brian D. Crane, Ph.D., R.P.A., Project Manager

B.A., 1986, Anthropology, University of Pennsylvania, Philadelphia, Pennsylvania

M.A., 1987, American Civilization, University of Pennsylvania

Ph.D. 1993, American Civilization, Historical Archaeology, University of Pennsylvania

Years of Experience: 20

Dr. Crane is a Senior Project Manager and the Cultural Resources Division Director of Versar. He served as the Project Manager for this project. Dr. Crane has over 20 years of experience in all phases of historic and prehistoric archaeological projects in the United States, Caribbean and Central America, with academic projects, and projects in compliance with Section 106 of the National Historic Preservation Act of 1966 and other federal, state and local legislation. Responsibilities have included program management, project design and implementation, field and laboratory supervision, artifact analysis, archival research, public outreach, and report writing. Areas of expertise include GIS and cultural resources data management, historical archaeology, urban archaeology, and African American archaeology.

Mackenzie S. Caldwell Rohm, M.A., R.P.A., Principal Investigator/Field Director

B.A. 2000, Anthropology/Archaeology and Sociology, Washington and Lee University, Lexington, Virginia

M.A. 2008, Anthropology, Southern Illinois University, Carbondale, Illinois

Years of Experience: 10

Ms. Rohm is an Archaeologist with Versar and served as Principal Investigator and Field Director for this project. She has 10 years of experience as an archaeologist in the Mid-West, Mid-Atlantic, and Southwest regions of the United States. She has conducted numerous prehistoric and historical survey, testing, and data recovery projects in compliance with Sections 106 and 110 of the National Historic Preservation Act of 1966, as amended, for the USDI Bureau of Land Management, USDA Forest Service, Air Force, Navy, U.S. Army Corps of Engineers, and other Federal, state, and private sector agencies as well as in academic settings. Responsibilities have included project management, project design and implementation, field and laboratory supervision, artifact analysis, archival research, public outreach, and report writing.

Laurie J. Paonessa, M.A., Historian/Field Director

B.S. 1988, Anthropology, James Madison University, Harrisonburg, Virginia

M.A. 1990, Anthropology, Specialization in Historic Archaeology, College of William and Mary, Williamsburg, Virginia

Years of Experience: 21

Ms. Paonessa is an Archaeologist and Historian with Versar and served as historian and Field Director for this project. She has 21 years of experience in all phases of prehistoric and historical archaeological projects in the United States. Responsibilities have included project management; the design, direction, organization, and implementation of large and

small scale archaeological and archival projects; design and direction of programs for the documentation of archaeological features, gravestones, and artifacts; field and laboratory supervision, artifact analysis, site interpretation, public outreach, exhibit design and report writing.

Carter Shields, Cataloging Supervisor

B.A., 1988, Anthropology, Tulane University, New Orleans, Louisiana

Diploma (3ème Degré) in French Studies, 1987, Université de Strasbourg, France

Years of Experience: 21

Ms. Shields directed cataloging activities for this project. Ms. Shields has over 20 years of experience doing both archaeological field and laboratory work on prehistoric and historical sites in compliance with Section 106 of the National Historic Preservation Act of 1966, as amended, as well as other federal, state, and local legislation. Project locations include the Mid-Atlantic, Northeastern, Southeastern, and Midwestern regions of the United States and the Caribbean. She has over 15 years of experience in archaeological artifact analysis, laboratory supervision, and database management.

Dennis A. Knepper, Senior Archaeologist

B.A., 1977, History, Texas Christian University, Fort Worth, Texas

Years of Experience: 24

Mr. Knepper is a Senior Archaeologist with Versar and provided GIS and technical support for this project. He has 24 years of experience as an archaeologist in Texas, the Southwest and Mid-Atlantic regions of the United States as well as Latin America, the Caribbean, and East Asia. He has directed numerous prehistoric and historical survey, testing, and data recovery projects in compliance with Sections 106 and 110 of the National Historic Preservation Act of 1966, as amended, for regulatory compliance with FHWA, FERC, GSA, USACOE, and other federal and state agencies. Responsibilities have included project design and implementation, field and laboratory supervision, artifact analysis, archival research, database management, predictive modeling, and report writing.

Christopher L. Bowen, Archaeologist

B.S., 1992, Interdisciplinary Studies, Radford University, Virginia

Years of Experience: 19

Mr. Bowen is a Staff Archaeologist with Versar and provided GIS, graphics, and technical support for this project. He has 19 years of experience as an archaeologist in the Mid-Atlantic regions of the United States as well as the Mid-West and Colorado. He has conducted numerous prehistoric and historical survey, testing, and data recovery projects in compliance with Sections 106 and 110 of the National Historic Preservation Act of 1966, as amended, for the Air Force, Federal Highway Administration, U.S. Army Corps of Engineers, and other Federal and state agencies. Responsibilities have included project design and implementation, field and laboratory supervision, artifact analysis, archival research, database management, predictive modeling, and report writing.

Emily Williamson, Staff Archaeologist/Cataloger/Production

B.A., 1998, Anthropology, University of Mississippi, Oxford, Mississippi

Years of Experience: 12

Ms. Williamson provided laboratory and production support for this project. She was trained in archaeology at the University of Mississippi and has 10 years of experience as an archaeologist in the Mid-Atlantic region of the United States, and three years as a lab technician in the Center for Archaeological Research, University of Mississippi. Responsibilities have included conducting field work, artifact processing and analysis, archival research, database management, graphics production, and report writing. She has cataloged both prehistoric and historic artifact collections from Colorado, Delaware, Florida, Indiana, Mississippi, New York, and Virginia.

Jarrold Burks (Ohio Valley Archaeology, Inc.)

B.A., 1994, Anthropology, University of Illinois, Champaign

M.A., 1996, Anthropology, Ohio State University, Columbus

Ph.D., 2004, Anthropology, Ohio State University, Columbus

Jarrold Burks is the Director of Geophysical Surveys at Ohio Valley Archaeology. Over the past 10 years he has worked hard to pioneer the application of geophysical survey techniques on archaeology sites in Ohio and other areas of the Eastern U.S., especially in Cultural Resource Management contexts.
