RATING CRITERIA

Major factors/criteria for the establishment of a reduced candidate/shortlist and selection:

- a) An understanding of the anticipated assignments, services required & approach to providing the services required.
- b) The location, size & description of the firm.
- c) Availability of personnel for immediate placement.
- d) Sub-consultant usage if anticipated. Indicate the percentage of work estimated to be performed by the sub vs. the prime. Also, indicate if the prime consultant has previously worked with the proposed sub and give a brief example of the previous relationship(s).

NOTE: DelDOT maintains a strict policy of not providing a debriefing for those candidates that do not make the shortlist. If a firm is not included in the Shortlist, it does not indicate they are not qualified, it is an indication the Shortlist Committee determined others appeared to be more qualified based on the information submitted. OVERVIEW OF SELECTION PROCESS

The Expressions of Interest will be used to determine the selection of the awarded firm. The selection committee may request a written submission and/or oral interview sessions of firms determined most likely to be selected, after which the committee will determine the successful candidate.

After the selection process has been completed, applicable billing information will be requested from the successful candidate; i.e. salary rates for various classifications of personnel, and an indirect cost derivation for the most current accounting period. Firms responding to this RFQ should be aware that the Department will not entertain direct cost charges for items needed to perform the work required. It is expected that all firms submitting are prepared for the work and include necessary work materials in their overhead rates. If an interested firm is requested to submit a priced proposal, the proposal should substantially reflect the same composition and area of involvement as the Expression of Interest submission.

Payroll burden and overhead will be computed on direct salary costs only (not including overtime) at the consultant's audited rate, as per Federal Acquisition Regulations Part 31, and Department policies. Computer and CADD costs are not allowable as a direct cost to this project. Rate determination and applicability is subject to audit by the Department. Additionally, candidates should be prepared for the Department to work with your current accounting firm to provide information and backup documentation. Full and immediate cooperation is required to avoid delays in execution of an agreement. Failure to cooperate may result in breaking off of negotiations and moving to the next ranked firm.
