

Notice of Public Workshop

Greenhill Avenue Landscape Improvements
DelDOT Transportation Enhancement Project
T201020004

**July 19, 2011
7:00 PM**

Immanuel Church
2414 Pennsylvania Avenue,
Wilmington, DE 19806

A brief public workshop will be held to review preliminary design plans of a proposed project to improve the roadside right-of-way along Greenhill Avenue from 7th Street to 11th Street adjacent to the Ed "Porky" Oliver Golf Course. The project is sponsored by the Wawaset Maintenance Corporation and the City of Wilmington. The purpose of the meeting is to provide information to interested parties and receive your feedback.

The scope of work for this project will include existing tree management and brush removal, new tree plantings, fence removal and restoration, stone wall repair, and establishment of new ground layer vegetation. The project is currently in semi-final design and is estimated to be constructed in the spring of 2012 depending on available funding.

Harold Schneikert, President
Wawaset Maintenance Corporation
