

# US 113 CORRIDOR - CULTURAL RESOURCES

## 113 US 113 North / South Study

### What are Cultural Resources?

- Cultural Resources are buildings, structures, objects, sites and districts over 50 years of age
- Historic Properties are significant Cultural Resources that meet the *Criteria for Evaluation* for listing on the National Register of Historic Places

### Why Consider Cultural Resources?

- Section 106 of the National Historic Preservation Act of 1996 requires federal agencies, including the Federal Highway Administration, to take into account the effects of their undertakings on historic properties (architectural and archaeological resources)
- The Section 106 process gives the public, other parties with an interest, the State Historic Preservation Officer, and the Advisory Council on Historic Preservation (ACHP) a reasonable opportunity to comment on proposed undertakings
