US 113 North / South Study

Purple & Green Alternatives (West Bypasses)*

- Pending coordination with Plantation Lakes, alignment may be shifted east into Plantation Lakes property to avoid impact to 6(f) property at Ingram Pond dam

Note: 6(f) properties are lands purchased with Federal Land and Water Conservation Funds

Key Issues

Concerns for these refined Alternatives:

Green Alternative

- 5 potential 4(f) impacts (historic resources)
- Potential 6(f) impact (Ingram Pond)
- Conflicts with Plantation Lakes
- Limits Millsboro's western growth
- Wetland impacts
 - ▶ Ingram Pond
 - ▶ Sheep Pen Branch
 - ▶ Iron Branch
 - ▶ Wharton's Branch

Purple Alternative

- 5 potential 4(f) impacts (historic resources)
- Potential 6(f) impact (Ingram Pond)
- Conflicts with Plantation Lakes
- Limits Millsboro's western growth
- Wetland impacts
 - ▶ Ingram Pond
 - ▶ Sheep Pen Branch
 - ▶ Iron Branch

Gold Alternative

- 4 potential 4(f) impacts (historic resources)
- Conflicts with proposed Selbyville Towne Center (Shopping Center)

* Changes made based upon resource impacts
