

Study Area Environmental Screening

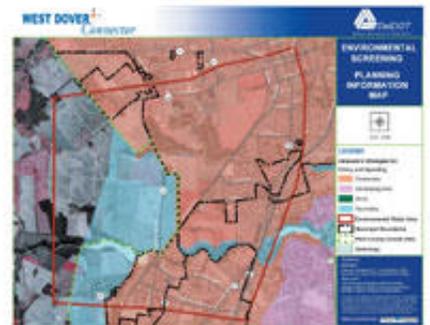

Existing Community Facilities

Police, fire stations, hospitals, libraries and schools have been identified in the study area.

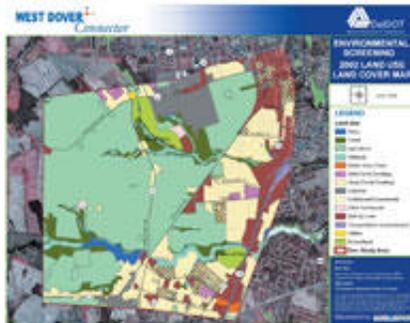

Planning Information

More than half of the study area is designated as "community" in Delaware's Strategies for Policy and Spending.

2002 Land Use/ Land Cover Map

Land use west of New Burton Road is primarily agricultural, while east of New Burton Road residential and developed lands dominate.

Agricultural Districts and Easements

Several large landowners currently have their lands designated for agricultural preservation in the study area.
