

DBE In The Spotlight

Ackerman and Baynes, LLC

**A small woman owned business since 1945
Delaware DBE/WBE certified firm offering steel fabrication services.**

Ackerman & Baynes, LLC - A Steel Fabrication Company, manufactures bridge components, highway sign structures, tanks, hoppers, bins, stacks, machinery guards, light and heavy gauge, ductwork, chutes, platforms, ladders, stairs, handrails, guardrail assemblies, structural steel utilizing carbon steel, stainless steel, aluminum, and other alloys.

They have operated for 77 years and are guided by a team of experienced professionals knowledgeable in structural steel, meeting customers needs, and supplying adequate finished products in a timely manner. The skill level of the experienced welders and fitters sets them apart from other corporations, giving them the experience to assemble complex structures on time and within the customer's budget.

Ackerman & Baynes, LLC provides visual and other NDT testing of welded components in accordance with AWS codes, if required, and have a full-time CWI on staff. Their team of welders are certified in accordance with the American Welding Society (AWS) D1.1 and D1.5 welding codes.

Their fabrication facilities boast a 32,000 square-foot shop with a 40,000 square-foot outdoor storage area, housing metal forming, and fabricating equipment, which includes three 2-ton, three 5-ton, and two 10-ton overhead cranes with up to 21'-6" under-hook clearance. Additionally, they can coordinate site inspection with field measuring to meet individual requirements. The firm currently receives inquiries and drawings via e-mail with the assistance of AutoCAD, SolidWorks, PDF files, and TIF files.

The professional goals of Ackerman and Baynes, LLC include company growth, equipment upgrades, and employing the highest qualified employees so the company can continue to provide quality work for their customers. The firm is proud to have fabricated the railing for the Chesapeake Bay Bridge in Maryland.

DBE certified in Delaware, Maryland, Pennsylvania, Virginia, Washington Metro, Baltimore City, West Virginia, and North Carolina. SBE, WBE, MBE, and other certifications in several of these states as well.
