

DBE in the Spotlight

Filly Oil, Inc.

Filly Oil Inc. is a veteran-owned, fuel supply firm providing a convenient fuel and lubricant delivery service to construction sites state-wide. Based in Elkins Park, Pennsylvania, Filly Oil Inc. provides direct fuel and gasoline for construction vehicles to re-fuel on site, as well as, supplying asphalts and lubricants for roadwork.

Established in 1983, the firm provides gasoline and diesel fuel to construction sites, demolition sites, wastewater systems, and transit companies. They have collaborated with DelDOT, PennDOT, NJDOT, and MDOT in projects ranging up to \$300 million including work on the I-95 corridor and large bridge work in Maryland, Pennsylvania, and Virginia.

The company was built on a reputation of excellence, they have created long and prosperous relationships with their clients, and an understanding that maintaining fuel levels is 100% vital to a company's success and profitability. The firm is always seeking new opportunities to prosper and provide quality customer satisfaction with their services.
